9.7.24

† Please see clauses I (b) & (c) of the schedule to the Act. The deposit has to be returned to the licensees on the completion of the works or at such earlier date or dates as may be appd by the Local Govt In the present case under clause 7 of the license the compulsory works have to be completed by 5.7.24 (i.e.) with a period of 3 years from the date of the commencement of the license This period has expired & it is not known whether the works have been completed. The original licensees (messrs G. Ramachandra chetty & others) have assigned the license lately to the Bellary Electric Supply Coy & the latter are pushing on with a modified scheme for the supply of Electric Energy to Bellary town. Presumably the

The present stage of the construction work is that both units of generating plant are on site and approx 2/3rds of the erection of steel poles & overhead wires in the streets is done. The contractors confidently expect the supply will commence in the middle of Sept.

As pointed out in the above note at M. on page 3 the licensees are

carrying out a modified smaller scheme consequently the laying of mains in all the streets specified in Clause 7(1) of the Licence has become an indefinite matter depending on the success of the undertaking. To regularize the matter the licensees may be asked to state when they expect all those specified mains will be completely laid and to apply now for the requisite extension; I do not think it will be better for the licensee to name a period than for us to arbitrarily fix it.
